**Esther Kile – Transportation**

Esther Kile is in charge of transportation for the residents of Swiss Village. She graduated from Bryant High School and has lived in Berne for two and a half years.

Esther enjoys every aspect of working at Swiss Village. "There is not a favorite thing. I truly like it all. I love the opportunity to work one on one with people and be friends with them." Her daily job varies between making appointments for residents with doctors and arranging transportation for them for the appointments.

Esther started out her married life in Berne many years ago. Then, she moved away for many years. Then, a few years ago, she lost her first husband. Through that, she returned to Indiana, remarried, and started a whole new life.

Esther strives to make the time she spends with the residents the best it can be.
