## Therapy Gets You Back to *Living*

The rehabilitation team at Swiss Village is committed to helping you achieve your recovery goals. Our goal is the same as yours...for you to have the most complete therapy for a fuller and faster recovery.

Our therapists are the experts in adult rehabilitation and work with you one-on-one with a treatment plan developed by your physician that focuses on your specific condition.

## Excellence in Rehabilitation

- ❖ Private Rehab Suites designed for better mobility
- ❖ Separate drive-up rehab entrance and parking lot
- ❖ Easy access to separate therapy gym next to rehab center
- ❖ Leading therapy technology designed to eliminate pain, inflammation and speed up healing

## Evidence-based Treatment

Our therapists use the most researched and successful therapeutic interventions to treat your specific condition. Swiss Village therapists use proven practices in orthopaedic, neurological, and cardiac care, manual therapies as well as the latest in rehab technology and exercise equipment.

## Safe Transitioning

Before returning home, a home safety analysis is performed to ensure that each person stays safe after leaving our care.

At this time, your therapist may recommend home exercises, outpatient therapy and wellness programs to keep you strong and to prevent future injuries.

Swiss Village maintains the highest standards with respect to safety, cleanliness and training of our experienced and dedicated staff. As a result, you can be sure to receive exceptional care from dedicated and compassionate health care professionals.
