

Special Purpose Fund

Scholarship Information

- LPN Scholarship \$2,500
- RN Scholarship \$5,000
- “Repay” \$1 of the scholarship for every hour worked after earning the degree
 - An LPN would, on average, need to work a little over a year to “repay” the full scholarship
 - An RN would, on average, need to work a little over 2 and a half years to “repay” the full scholarship

Why the Special Purpose Fund

Our nursing staff is the heart of Swiss Village. Without good nurses aides, LPNs, RNs, and a Director of Nursing Swiss Village would not be able to offer our high level of care. Also, without these wonderful individuals we would not continually receive high ratings and low deficiency marks from State and national organizations.

To help our staff in continuing to offer this high level of care we offer scholarships for furthering their education. Not only does the scholarship assist in offering better care

through advanced education it allows opportunities for our staff to advance their careers and to retain wonderful employees.

Our nursing staff cares greatly for our residents and for all of their needs. The Special Purpose Fund has been integral in making sure that this high level of care continues for each resident.

If you want to thank a staff member for the wonderful care that your loved one received while at Swiss Village giving a gift in the staff members honor to the Special Purpose Fund is an excellent way.
