

Swiss Village, Inc.

CELEBRATE RETIREMENT... ENGAGE LIFE!

TO: All Residents, Responsible Parties, and Employees
FROM: Jay Dettorre, President/CEO
DATE: August 16, 2021
RE: COVID-19 Update

We're continuing to see an increase in, both, residents and employees who are testing positive for the Coronavirus. Below is a summary of what we've experienced since our August 12th update along with a few other highlighted items.

- Four residents have tested positive bringing our current total to six.
- One employee has tested positive bringing our current total to four.
- We have re-opened Westenfeld (as our designated COVID-19 wing), and all six residents are quarantining there.
- Total active COVID-19 cases (residents and employees combined) are 10. Seven of these ten (70%) have been vaccinated.
- We will continue testing residents (in every one of our licensed areas) and employees for the next two weeks or longer if there are more positive cases.
- We will continue to follow the guidance from the CDC and the Indiana Department of Health. Please refer to our August 12th communication which outlines our current restrictions and visitation information.
- Please continue to visit our COVID-19 webpage on our website: swissvillage.org and follow our Facebook page at: [Facebook.com/SwissVillage](https://www.facebook.com/SwissVillage)
- We will continue updating our residents/employees on a regular basis.
- Cases of COVID-19 are growing, both, within our county and state and we need to remain vigilant.

We will continue to monitor and test residents and employees should they show any signs or symptoms of the virus. This has been and will continue to be our practice.

Please know, the steps we're taking along with the restrictions and guidelines we're implementing are intended to protect, and take care of, our residents and employees.

If you have questions, or concerns, please feel free contact to me or one of our team members.

Sincerely,

Jay
