

TO: All Residents, Responsible Parties and Employees  
FROM: Cris Morreale, Vice President of Operations  
DATE: May 10, 2021  
RE: COVID-19

During routine COVID-19 testing today, one of our employees had a positive test. Therefore, until further notice, we have to stop visitations, communal dining and activities in the healthcare area of our campus. We immediately began testing all healthcare residents after we learned of the employee positive.

Please watch for further communications in the coming days.
