

TO: All Residents, Responsible Parties and Employees
FROM: Cris Morreale, Vice President of Operations
DATE: August 2, 2021
RE: COVID-19

During routine COVID-19 testing today, one of our employees tested positive. Therefore, until further notice, we must stop INDOOR visitations, communal dining, and activities in the healthcare area of our campus. We have immediately began testing all healthcare residents after learning of the employee positive case. Please watch for further communications in the coming days.
