

TO: All Residents, Responsible Parties and Employees
FROM: Cris Morreale, Vice President of Operations
DATE: July 15, 2021
RE: COVID-19

During routine COVID-19 testing today, one of our employees had a positive test. Therefore, until further notice, we have to stop INDOOR visitations, communal dining and activities in the healthcare area of our campus. We immediately began testing all healthcare residents after we learned of the employee positive case. Please watch for further communications in the coming days.
