CELEBRATE RETIREMENT... ENGAGE LIFE!

Greetings all! Not in the least out of a desire to scare or frighten anyone who reads this post, I found a most interesting presentation on the potential impact of a COVID-19 outbreak in a small town, and thought it was worth sharing. Academic Epidemiologist Dr. Ross Kauffman and Author Tobias Buckell, both of whom live in Bluffton, OH... a town very similar in size to Berne, teamed up and created the session/presentation that is linked here. I share it simply to help you, maybe, evaluate the seriousness of this issue and whether or not it should be taken seriously. I hope it generates thought... I know it did for me. Both Dr. Kauffman and Mr. Buckell have granted personal permission for me to share this with you. <https://vimeo.com/397672277>
