CELEBRATE RETIREMENT... ENGAGE LIFE!

Memo

To: All AL,RL,IL Residents

From: Rod Mason, Pres/CEO

Re: Clarification of a statement in the earlier memo of today

Date: March 16, 2020

Folks, I used very bad wording in one of the areas that was mentioned in my earlier memo. And I apologize for any anxiety that sad statement may have generated or caused.

In the first bullet point about visitation in the Healthcare setting, what I was trying to say in that last sentence, was – if you leave this campus for any reason at all during this time-period, when you return you will automatically be restricted from **entering the healthcare building at all**. But you will certainly be permitted to return to your apartment or duplex. This is a restriction on entrance to the Healthcare building only.

My sincerest apologies for the poor choice of words as pertains to that section. Please feel free to point out any other areas of concern or question at they may arise.

The rest of the earlier memo stands as written and delivered. Thank you very much!
