CELEBRATE RETIREMENT... ENGAGE LIFE!

MEMO

TO: All residents, responsible parties and employees

FROM: Rod Mason, President/CEO

RE: First positive COVID-19 in employee family

DATE: June 5, 2020

Today Swiss Village reports the first positive case of COVID-19 amongst the employee family. This case transpired with an exposure at a family gathering of the employee over the Memorial Day weekend. The employee was taken off schedule once they reported the issue and the fact that they had symptoms develop as well, and is self-quarantined at home. As we are now completing the tenth day since the last day the employee worked, having only worked the very next day after the reported exposure, and there are no new symptoms being reported in the employee's direct area of work amongst employees nor residents, we suspect that any exposure within our building was minimal to nil.

While we are pleased to report no active cases of the virus amongst the resident family, we are monitoring the status of all residents on the wing where this employee last worked, and we are advising all co-workers who would have been on shift with this employee. We are directly calling each of these employees today. Unfortunately, this does mean we will need to delay all outdoor visits with family members of the Healthcare Center's residents for at least another two weeks. We had been developing a plan to enable such scheduled visits beginning next week, as the Governor announced could happen this past Wednesday. The positive COVID-19 report now requires that we postpone that start up.

All daily and regular monitoring of employees and residents continues to occur, sanitation measures are properly deployed and we are following all State Health Department and CDC guidelines and recommendations. Please feel free to call 260-589-3173 and ask for supervisor in charge for any questions, or contact Alma Ahmetovic, VP Healthcare Services; Kristy Urick, Director of Nursing; or Rod Mason, President/CEO directly for assistance. You will continue to be updated daily.
