

Swiss Village, Inc.

CELEBRATE RETIREMENT... ENGAGE LIFE!

To: All Residents and Responsible Parties

From: Swiss Village Senior Leadership

Subject: Outings

Date: November 20, 2020

We know that the past eight months have been extremely difficult for everyone and we know Thanksgiving will be especially hard, as well. We have received new, updated guidance from the Indiana State Department of Health that we want to share with you.

The State Department of Health is strongly recommending against residents leaving facilities for excursions, funerals and/or weddings at this time. Individuals that do leave Swiss Village will need to quarantine in their apartment for 14 days upon returning. If you had Covid-19 and recovered in the last 90-days this guideline does not apply to you.

We know this is not the news you were hoping to receive. If you are able, we encourage residents and families to continue to do FaceTime visits and/or phone calls to keep in touch until such time we are able to re-implement some sort of in-person visitation.
