## Why Give Unrestricted Gifts

Your gift to use where most needed is a blessing. This type of gift allows the Swiss Village Board of Directors to place the gift where will be most useful at the time it is made.

The Board looks at both long term and immediate needs when distributing funds. Your donation will be placed in one of the five funds listed on the left or put towards a special project: In the past these projects have included:

- Capital Campaigns for enhancements to our campus

- Replacement of trees that were damaged by disease
- Purchase of two new buses to enhance the quality of life for residents
- iPods and music for the Music & Memory program to help residents living with Alzheimer's or dementia

Your gift to be used where most needed can have the greatest impact on Swiss Village and those we serve. Our Board of Directors takes great responsibility and consideration with these gifts.
