CELEBRATE RETIREMENT... ENGAGE LIFE!

MEMO

TO: All Residents, Responsible Parties and Employees

FROM: Rod Mason, President/CEO

RE: Weekly Update – Back on Track

DATE: August 5, 2020

So, we are ending Month #5! While time sure speeds by we continue to be hopeful that there is an ending of this Pandemic period out there in the offing, somewhere! I know it is hard to see at this point, and likely not until a vaccine is readily available and distributed will things move back to some level of normalcy! Until that time, we continue to stress the need for all our constituents to continue to practice good hygiene, distancing, judgement on attending anything with mass gatherings and the wearing of the mask! On that last note, please always remember (residents AND employees – and visitors during scheduled visits) to wear the mask correctly and when near others and inside the building (unless in a private office area with no others nearby). “*Properly*” means the mask needs to fit snugly and fully cover the face from below the chin to above the nose – a good way up the bridge! Please it is very important! AND... remember to freshen your mask after each use by washing with Dawn or an oil-removing detergent. If you need a new mask, just ask – we have more.

The important news: there are no active cases of COVID-19 within our resident family nor our employee family! No employee is currently being monitored nor awaiting test results. Thank you, God, for this continued blessing and we continue to rely upon His grace and abundant mercy! Thank you all as well (employee and resident) for keeping us safe and well by continuing to follow the above-suggested guidelines!

While we have opened the opportunity for Independent-Living residents to join us now in the Dining Room for any meals, we are observing that the Sunday noon meal has become quite popular, which is a good thing! But... it brings with it the need for us to remind you to please bring along a good dose of patience. As the numbers of seats that we can offer at any one time is not what it used to be prior to the COVID restrictions (remember, we still must attend to social distancing in the dining locations) it may result in you needing to await the next available seating location to accommodate your party. We will attend to that need promptly and seat you as quickly as possible... but please use that good dose of patience while waiting! Our staff and I appreciate your understanding!

As stated above, thank you all for helping us complete month #5 of this period with minimal impact from the virus! Your efforts play a HUGE role in our ability to continue that record moving forward! **Thank you, employees**, for your continued commitment and diligence!! Together, we will get through this!
