

# Swiss Village, Inc.

CELEBRATE RETIREMENT... ENGAGE LIFE!

From: Swiss Village Senior Leadership

To: Residents, Families, Volunteers, Visitors, and Staff

Subject: Confirmed COVID-19 Case

Date: October 12, 2020

Swiss Village, Inc. has new updates on the coronavirus (COVID-19). This information is intended for our residents and their families, volunteers, visitors, and staff. Currently, Swiss Village has received notification that an employee of Kinder Haus Daycare has tested positive for COVID-19. This person has been self-quarantined since Wednesday, October 7, 2020.

As a precaution, Kinder Haus Daycare will be closed through October 21, 2020. A deep cleaning of Kinder Haus will take place during the closure. Swiss Village will continue to follow policies and procedures for infection prevention and control.

This employee positive case will not impact our resident visitations. Those visitations may continue as scheduled. At this time, further resident/employee testing will not be required since the employee does not work within the licensed areas.

If you need to contact Swiss Village please call 260.589.3173. Swiss Village's number one priority is the health and safety of its residents.

The Swiss Village Senior Leadership will continue to monitor the situation. Further updates will be posted on our Facebook Page and the Swiss Village Website at [www.swissvillage.org](http://www.swissvillage.org).
